Subject: Bovine TB: RBCT data

Dear Sir / Madam,

Ref: RBCT data

Please email to me for each calendar month from 1986 to 2012 (i.e. 27 years, subject to availability) the following quantities

- (a) the number of cattle herds,
- (b) the number of confirmed new herd incidents,
- (c) the number of unconfirmed new herd incidents,
- (d) herds under restriction due to an OTF-W breakdown (see Reference 1 for illustration and definition of OTF-W restricted herds), and
- (e) herds under restriction due to an OTF-S breakdown (see Reference 1 for illustration and definition of OTF-S restricted herds)

in each of the following areas after the ten triplets are combined,

- (1) proactive area,
- (2) reactive area,
- (3) survey area,
- (4) 2km ring around the proactive area,
- (5) 2km ring around the reactive areas,
- (6) 2km ring around the survey area,
- (7) high risk area of England as shown in Reference 2.

Please note that I only need data for the total area (not for each triplet) for the area given in (1) to (6).

Yours faithfully,

xxxxxxx,
