Subject: RE: RFI 2454

Thank you for you email below and the information which it contains.

Are you intending to send to me the numbers of populated herds?

I see that in the email below from xxxx dated 29Jan2009 it says,

<start>

With regards to the figures on sold off cattle, Defra are not able to provide these figures. However, we have forwarded the request to our colleagues in Animal Health to see if they are able to provide this information for you.

<end>

I hope I have not missed any information which you have sent to me and I apologise if I have.

If not, I am looking forward to receiving the numbers of populated herds as requested in RFI 2454.
