Subject: Bovine TB: County data from 1998 in the Irish Republic

Dear Sir/Madam,

I see that you helpfully provide county data at <http://www.agriculture.gov.ie/animalhealthwelfare/diseasecontrol/bovinetbbrucellosiseradicationsschemes/statistics/tbstats>

I have been able to source county data for England, Wales and Scotland back to 1998. If you can point me to such data for the Irish Republic this would be most useful.

The quantities which I will be extracting from this data are as follows

year

name of the area

number of cattle TB reactors in that area and year number of cattle in that area and year

Yours faithfully,
