Subject: Number of badgers culled

Dear Sir/Madam,

If you can, please provide me with how many badgers have been culled in Ireland since 1990 to 2009 inclusive for each year and county.

If you can also provide an estimate of the current badger population in Ireland, or a contact who should be able to provide such a figure, this would also be appreciated.

All responses by email will be fine.

Yours faithfully,

xxxxxxxxx
