Subject: Bovine TB: Number of reactors slaughtered in the Irish Republic from 1956

Dear Sir/Madam,

If you can, please send to me the number of TB reactors slaughtered for each year from 1956 to 2010 in the Irish Republic as a dataset which contains the following quantities in each row.

- (a) year
- (b) number of cattle which existed in that year,
- (c) number of TB reactors slaughtered, and
- (d) number of cattle tested.

If you can supply this data, a simple CSV file will be ideal or, failing this, a spreadsheet which includes this information will be fine.

Yours faithfully,

xxxxxxx,

xxx,

xxxxxxxxx.
