**Subject:** Milk production in England

Dear Sir/Madam,

Would you by any chance know of a suitable contact who would be able to supply me with annual milk production figures for England covering the years 1998 to 2009?

So far I have only been able to find figures for the UK from the Rural Payments Agency web site.

I would like to predict how England will be able to meet demand for milk in the coming years based on how milk production has declined in the last few years.

Yours faithfully,

xxxx..
